Governor Gary Locke presenting a student with a Certificate of Excellence in 1997 at the Seattle Art Museum.

Governor Mike Lowry with sponsors at the Seattle Art Museum awards ceremony in 1996.

We receive nearly four thousand entries every year from high school students in Washington State.

The 2017 awards ceremony.

The Washington State High School Photography Competition (WSHSPC) has a grass roots beginning in the mid 1980's. Formed by a group of high school photography instructors as a way of elevating student photography, the early competitions included only a handful of high schools, a few hundred entries, passionate instructors and eager students. The photographs were collected and organized by the instructors and later judged by an impartial jury. It was small, informal and entirely volunteer.

The event attracted sponsorship and public awareness rose due to exhibits at the Seattle Art Museum, featured articles in the Seattle Times newspaper, a segment on KING TV's Evening Magazine and New Day programs, and a prestigious awards ceremony featuring Washington State Governors Mike Lowry and Gary Locke. We typically receive nearly four thousand entries every year. Every December, the exhibit is featured at the Seattle Art Museum.

Our official sponsors include Kenmore Camera and Canon USA, who contribute operating funds, in-kind support and a web page for our event. Our in-kind contributors include Frame Central, who professionally mat and frame the final exhibit and handle the return of exhibit photographs to students; the Jones Soda Company, who reproduce ten student photographs on 250,000 of their soda bottles; and the Seattle Art Museum, who provide exhibit space. See current and past exhibits at <https://kenmorecamera.com/wshspc-galleries>

This event remains largely a volunteer effort with many volunteers devoting time throughout the year to ensure its success. The advisory board includes active high school photography instructors: Rob Flye, Inglemoor; Doris Conrath, Tacoma School of the Arts, Tim Kennedy, Cedarcrest; and Jeremy Leffel, Stadium High School. With their continued guidance and the support of our sponsors we will continue to provide a prestigious public platform for student photographic art.

DEADLINE FOR ENTRY
April 29, 2023

IMPORTANT CHANGES IN 2023:

- The category of MANIPULATION has been eliminated. Images previously placed in the MANIPULATION category may be placed in any category with the exception of TRADITIONAL SILVER GELATIN B&W. This includes: heavily photo-shopped images, alternative processes, Scanography, 3-D prints, etc. If you have questions about where to place an image, please send a jpeg of the image and a brief explanation to KellyAtkinsonPhotography@gmail.com.
- **Unmounted 8.5"x11" prints are preferred.** Smaller prints are accepted, as are larger prints up to 16"x20", but judges have commented on their preference for viewing 8.5"x11" prints. You are permitted to mount prints if that is your preference, but presentation is no longer part of the judging criteria, and it's much easier for us to handle loose prints.

I NEED YOUR HELP!

We have only one person handling all of the administrative duties of this statewide event, so I need your help to stay organized. Here's what you can do to help:

PLEASE USE A TAB

Please separate each category with a tab (see photo). I know it sounds simple but this little tab saves me a lot of sorting time and it's easy for you to do.

NO POPCORN, SHREDDED PAPER OR PROTECTIVE SHEETS, PLEASE!

Popcorn and shredded paper are brutal. I have to clean each of your entries due to static electricity. Please do not individually wrap entries, or, place protective sheets of paper in between each entry. I have to handle each entry in order to remove them. Also, no framed prints or prints with glass or plastic will be accepted.

ACCURATELY COMPLETE THE ENTRY FORM AND PAYMENT INFORMATION

If we do not receive a fully completed entry form, alphabetized student list, and full payment, **it will result in disqualification.**

Please insert payment, entry form and student list in an envelope so I don't have to fish around in your containers to collect important documents. Thanks!

ID TAGS

Students must use their personal e-mail and phone number on the ID Tags so I can quickly contact them if they are selected for the exhibit. Please do not use your school e-mail or phone number.

PAYING FOR ENTRIES

\$3 per entry. We gladly accept checks and purchase orders. If paying by purchase order you must **attach a hard copy of your purchase order to your official entry form.** Please make payable to Kelly Atkinson or Visual Aid. If you have questions about making a payment please contact KellyAtkinsonPhotography@gmail.com.

BANK CARDS ARE NOT ACCEPTED.

This helps us keep expenses down so we can continue offering this program.

HOW TO IMPROVE YOUR CHANCES:

Here are a few things students and instructors can do to improve your chance of success in the competition:

PRINT SIZE

8.5" X 11" non-mounted prints are highly recommended.

Smaller prints are accepted, as are larger prints up to 16"x20", but judges have commented on their preference for viewing 8.5" x 11" unmounted photographs. Presentation is no longer part of the judging criteria.

SUBJECT MATTER

Think beyond the literal meaning of the category title. For example, in the category of ANIMAL, we receive numerous photographs of cats. Many are simply sitting on a sofa staring at the camera. Yes, that literally fits the category description of ANIMAL, but those photographs don't reveal very much to viewers or tell an interesting story.

This is an art competition. It's essential to engage the viewer with an interesting perspective. Examine the photos below. Both are past winners in the ANIMAL category and do a wonderful job of creating a story, engaging the viewer and making us think.

SPECIAL EFFECTS

You can also use a unique camera angle, blurred action, or an abstract point of view to transform an ordinary scene into an interesting photograph. Finally, capture the same subject in a variety of different ways rather than taking just one photograph. When you are photographing, take your time, use your imagination, shoot more and edit later.

THE NUMBERS GAME

A school earns points when a student wins 1st - 6th place in a category (see page #10 for details about scoring). So, if your school is entering less than six entries per category you are decreasing your chance to earn points for your school. With nine categories, your school should be entering a minimum of 54 total entries (six per category) if you hope to earn the maximum number of points available.

OTHER CONSIDERATIONS

Consider a category that typically receives less entries. Some of our categories are popular and receive several hundred entries, such as PORTRAIT and LANDSCAPE. But, we receive much fewer entries in the TRADITIONAL SILVER GELATIN B&W, ABSTRACT, ARCHITECTURE and DOCUMENTARY categories. Judges select six photographs from each category, so you can increase your odds by entering in the categories that typically receive less entries.

THE JUDGING OF ENTRIES

Three judges are chosen to jury this event. I select judges possessing a great deal of experience viewing photographs in their profession. Judges are not allowed to view the ID tags so they have no information about the student or the school they represent. Judging will take place on Saturday, May 6th at Inglemoor High School in Kenmore beginning at 9AM. Judging is open to the public and usually ends by 4PM depending on the number of entries.

JUDGING CRITERIA

The judges select photographs representing excellence in these areas:

1. ARTISTIC EXPRESSION

A successful photograph must tell a story or relay a mood. What emotion or attitude are you trying to convey to the viewer? Be sure your photograph provides the viewer with enough information to understand your point of view.

2. TECHNICAL ABILITY

A beautifully printed photograph further enhances the image. Produce a high quality image with rich blacks, brilliant whites, dazzling colors and absolutely no dust spots, fingerprints, scratches, dents or wrinkles.

Students are required to print their own images.

TEAM SCORING

Students accumulate points for their school by earning a 1st - 6th placement in a category. The school accumulating the highest overall team score wins the state title. Points are awarded as follows: 1st place - 6 points; 2nd place - 5 points; 3rd place - 4 points; 4th place - 3 points; 5th place - 2 points; 6th place - 1 point.

SELECT AND FINALIST

All entries in a single category are viewed by judges and they are asked to select entries they wish to advance to the final round. These "SELECT" are the top 10% in the category. In the final round, each judge then chooses six images from the "SELECT". Those eighteen images advance for placement where judges decide on 1st through 6th place. The remaining 12 images receive a "FINALIST" ribbon.

FINAL EXHIBIT

The top 3 photographs from each category constitute the final exhibit. These final images will be professionally matted and framed by Frame Central. The exhibit stays on tour for one year, and then the framed photographs are returned.

WHEN CAN I FIND OUT THE RESULTS?

Judging is May 6th. Standings should be posted at www.kenmorecamera.com by May 15th. QUESTIONS? Contact: KellyAtkinsonPhotography@gmail.com.

TEAM SCORING

Students can accumulate points for their school by earning a 1st - 6th placement in a category. The school with the highest team score at the end of the competition wins the state title. Points are awarded as follows:

1st place - 6 points; 2nd place - 5 points; 3rd place - 4 points; 4th place - 3 points; 5th place - 2 points; 6th place - 1 point.

SELECT AND FINALIST

A photograph receiving a purple "SELECT" ribbon indicates it was in the top 10% of all entries in its category. A photograph awarded a yellow "FINALIST" ribbon indicates it advanced to the final 18 images in its category.

BEST IN SHOW

All photographs in the final exhibit are eligible to win Best in Show. Best in Show is selected by the judges.

FINAL EXHIBIT

The top 3 photographs from each category constitute the final exhibit. These final images will be professionally matted and framed by Frame Central, and may be reproduced in newspapers, web sites, magazines and marketing materials promoting the event. All images from the exhibit stay on tour for the year, and then are returned to students compliments of Frame Central. Final exhibits from 2009 - present may be viewed on-line at www.kenmorecamera.com.

WHEN CAN I FIND OUT THE RESULTS?

Final results should be posted at www.kenmorecamera.com by May 15, 2023. Your patience is appreciated.
